2019/3283/P	Sanya Polescuk for BelSoc	11/10/2019 17:48:55	OBJ	The proposal doesn't meet current Minimum Housing Standards. In addition, the proposed fenestration on the garden-facing elevation is inappropriate for a building in a Conservation Area - the extreme brick arches with the infilled arched fanlights above the basic French doors and out of place three-partite window. This application should be refused permission.
