Dear Camden Planning,

2019/4700/HS2

Euston Approaches Worksite and Adelaide Road Worksite

Application Type: Schedule 17 - Conditions of Deemed Planning Permission

Proposal: Lorry routes to and from the Euston Approaches and Adelaide Road worksites associated with works for HS2. Main works activities include: Construction of the Park Village East retaining wall, portal and high-speed dive unders including the installation of ground anchors; Removal of excavated material from the station approach, tunnel portal and headhouse works; Construction of the decks over the high-speed dive under and railway south of Mornington Street Bridge; Construction of the west and east side retaining wall around Hampstead Road Bridge; Demolition and reconstruction of Hampstead Road Bridge as well as associated utilities and highway works; Support the movement of plant and material down into the Euston approach railway cutting; Support the removal of excavated material generated in the railway cutting; Construction of Adelaide Road vent shaft and single storey headhouse building; and all other activities for the purposes and in connection with the scheduled and ancillary works. Incorporating lorry routes detailed in 'List of Roads for Approval' document.

Thanks for consulting TfL on this planning application.

I understand from discussions with colleagues that HS2 is engaging with the Council and TfL, specifically the TfL Network Management team, through the Local Traffic Management Plan and regular meetings of the Camden Traffic Liaison Group.

TfL Network Management and TfL Spatial Planning will therefore respond jointly to these proposals in due course. We are likely to request some specific planning obligations, which we are currently discussing with our internal legal team.

Please can you keep me updated on when this application is expected to be determined?

Thanks,
