2019/3617/P	Antonio Marenghi	17/10/2019 11:59:55	OBJ	The proposed development would reduce daylight to the basement flat at 159 York Way. The amenity space in basement of 159 York way is detailed incorrect and is in fact "living space". Figure 11 clearly shows that basement level of 159 will receive less sunlight due to the proposed development. Note: We had extra provisions made to increase daylight in its planning in 2018 and the proposed development would in fact undo this.
