2019/3948/P	The Heath & Hampstead Society	17/10/2019 15:04:57	OBJ	<p>OBJECTION</p> <p>From: THE HEATH &amp; HAMPSTEAD SOCIETY.</p> <p>The proposed basement threatens structural damage to all adjacent buildings and particularly the structure of No.47C to which it is joined.</p> <p>This is made clear by the excellent report by Eldred Geotechnics Ltd. - one of the foremost experts in geotechnics.</p> <p>The drawings are misleading in not clearly showing that 47D and 47C are joined and share a structural party wall. A basement concrete wall under the party wall threatens serious cracking or worse to 47C.</p> <p>The complex water movement and subsoil conditions in this area will further threaten the surrounding buildings.</p> <p>Please refuse this basement application.</p>
