2019/4140/P	Mary Murphy	17/10/2019 15:33:04	OBJ	I strongly oppose the replacement of affordable homes for families with 1-bed flats. We badly need family sized affordable accommodation in Camden. I suspect that A2 Dominion are motivated by profit in seeking permission for 1 bed flats instead of the agreed larger flats. It would be a great injustice and totally against the principles of Camden, City Hall and others for Camden to approve 1 bed flats instead of larger family sized sheltered housing. Would Camden planning officers (all funded directly and indirectly by taxes on Camden residents take note and reject this abominable misuse of public land.
2019/4140/P	Charles Marks	17/10/2019 17:31:37	OBJ	<p>I object to this recent amendment application as it is simply an attempt to further increase the population density of the site without any regard for the capacity of the public services and the amenity of others already living in the area.</p> <p>The increase in one bedroom apartments is to the detriment of other larger and more family orientated apartments and should not be permitted unless of course every additional property is to be allocated to the council for affordable housing (at the very least).</p> <p>Camden council are well aware of the reasons for the local neighbourhood wanting to object and should be supporting and working FOR and on behalf of the current residents.</p>
