To confirm, the planning application number is 2019/4700/HS2.

As a member of staff at Netley Primary School and Centre for Autism, I am opposed to the granting of planning application 2019/4700/HS2 as it will seriously impinge on the smooth running of the school: create noise and pollution, reduce safe access and generally impinge on the ability of the school to maintain a safe environment for its pupils.
