2019/5192/T	Jonathan Elstein	18/10/2019 10:20:45	SUPPRT	<p>We support these necessary works. Nobody likes to remove trees, but there will still be a large number of trees in the rear garden of 15 Fitzjohns and we are happy to plant replacement trees.</p> <p>In response to the comments of Mr Greene, we already spend a lot of money on maintaining our property but unless the roots are removed the property (and neighbouring properties) will become structurally unsound - 'strengthening the building' is not a viable option, and Mr Greene has no apparent qualifications to enable him to make such a recommendation. The roots are up to 12mm in diameter, not 1mm as claimed by Mr Greene.</p>
