2019/4140/P	Jane Baxter	24/10/2019 14:25:03	OBJ	I object strongly to this deeply cynical ¿variation¿. West Hampstead is already far too busy. This overbearing, overly-dense and damaging proposal will become drastically worse for everyone.
2019/4140/P	Marilyn Johnson	23/10/2019 10:27:10	PETITNOBJ E	This is a development that will be severely detrimental to what is a vibrant and diverse community in north London. West Hampstead, especially West End Lane is congested at busy times of the day both in terms of road traffic and on pavements with large numbers of pedestrians walking to and from 2 busy stations. A large scale development (complete with its laughable offerings of affordable housing which, in reality, are not affordable for the majority of earners) would adversely affect the residents and local businesses in the area in many ways. There is not one single benefit to such a large scale initiative. The only people who stand to benefit are those who are already wealthy enough not to care about the lives of ordinary people. If Camden, as a borough, cares about its constituents then it should do the right thing and halt this appalling project (together with its "amended" proposal) before it all but destroys a thriving community.
