2019/4420/P	Kate Grasby	24/10/2019 15:05:24	OBJ	<p>This property is on the same level as my childrens (age 1 and 4) bedroom and about 10m away. From the property you can see directly into their bedroom - into the cot and the bunk beds and see them playing. As an office space (Class B1) this has not been an issue, office workers have left around 6pm (before bathtime and bedtime) and during the summer months having the curtains open hasn't proved a problem. There has been no noise after 6pm.</p> <p>If this application is successful I envisage:</p> <ul style="list-style-type: none">* Increased noise from gym members coming and going between the hours of 6pm-11pm* Noise (music) from classes (the windows of Units 3 and 4 aren't double glazed) until late* Gym members (on exercize bikes / cross trainers) unavoidably peering into the childrens bedroom <p>On these grounds this is not an acceptable application</p>
