2019/4547/P	Mary Moffatt	23/10/2019 10:00:30	SUPPRT	<p>I am the joint owner (long lease) of Flat 1 Kings College Court. My Flat is on the first floor and south facing, so would be directly looking at the approved bike shed. The shed in the approved position would dominate my view of the garden and increase background noise with use. It would be awful.</p> <p>I fully support the bike shed in the position it has been built. It is far away from the building, in the least attractive part of the garden, has level access and is screened from Adelaide Road by a tall hedge.</p> <p>It is well used by residents because it is of robust construction and bikes are stored safely.</p>
2019/4547/P	Jim Moffatt	23/10/2019 10:07:15	SUPPRT	<p>I am the joint owner of Flat 1 in the building and I fully support this application. The bike shed position is in the least attractive part of the site and screened by trees. In the approved position it would dominate the rear part of the site, be obvious from Primrose Hill Road, would damage trees, have steps and be of open mesh. It would not be fully used because of likely theft, whereas in the current location there are around 30 bikes using it. The application bike shed has level access and is full secure and safe to use with CCTV cameras and security locks. Much better location.</p>

2019/4547/P	Nicholas Gibbons	23/10/2019 17:48:14	SUPPRT	<p>As a Resident with direct view of the bike store, i support the timber built enclosed shed in the new location. This location is far more logical and less of an eye sore.</p>
