2019/4823/L	Sara Bell	23/10/2019 09:36:48	NOBJ	Andrew Macpherson has kept me informed over the past several years and earlier this year re a report being undertaken and submitted. We have been trying to get the roof repaired for nearly 12 years. The TRA have no objections to the proposed works in fact we welcome these works. The hall has carried on maintaining it's level of club activity, which is busy most evenings however it has not taken on any more bookings for several years because of the problems with the water ingress. So no problems from us at all!
