

Hi Jonathon,

Please find all the floor plans I received from One Housing/ Renovo.

Sorry, I probably should have clarified things a bit more.

There are three plans they've sent through; please let me know if you need any more info.

- **Basement** – we won't be using this floor
- **Ground proposed** – this is the floor that we expect to use; it's likely that two of the meeting rooms will be used as bedrooms for more vulnerable/at risk clients (e.g. LGBTQ / women/ other) and the main ICT training room would be where most of the beds would be
- **2nd Floor** – we would only be using this for access to staff toilets, and maybe to fit washing machine/dryers in – it won't be an area clients can access, only staff

Thanks,

Miranda
