2019/5097/P	Jonathan Byatt	26/10/2019 20:17:08	OBJ	There is insufficient detail provided with the application i.e. drawings of current vs. Proposed. With no detail on projected designs it is difficult to offer any support or otherwise. It is hoped the new building would enhance the area and the redesign would offer some advantage to the area in new plantings or environmental improvement to redress the impact of increased traffic, noise and inconvenience to locals and pedestrians.
