Noise from demolition and construction works is subject to control under the Control of Pollution Act 1974. You must secure the approval of the Council's Noise and Licensing Enforcement Team prior to undertaking such activities outside these hours.

- 6 Reasons for granting listed building consent: 33 Fitzroy Square is a late 18th Century Grade I listed Robert Adam townhouse, Grade I listed and situated in the Fitzroy Square Conservation Area. The application seeks to make modifications to two staircases dating from the 2006 refurbishment of the building. The works will not impact the legibility of the historic floorplan, nor will they affect historic fabric. The works would serve to preserve the special interest of the Grade I listed building.

The application has been advertised in the press and by means of a site notice. No objections were received. Historic England were consulted and issued a letter authorising the local authority to determine the application as we see fit. The letter has been stamped by the NPCU. The site's planning history has been taken into account in making this decision.

Special attention has been paid to the desirability of preserving the special interest of the listed building, under s.16 of the Listed Buildings and Conservation Areas Act 1990 as amended by the Enterprise and Regulatory Reform Act (ERR) 2013. As such, the proposal is in general accordance with Policy D2 of the Camden Local Plan 2017. The proposed development also accords with the London Plan 2016 and the NPPF.

In dealing with the application, the Council has sought to work with the applicant in a positive and proactive way in accordance with paragraph 38 of the National Planning Policy Framework 2019.
