2019/5235/P	Patricia Thomas	06/11/2019 22:20:26	OBJ	<p>I write as Chair of Harmood, Clarence, Hartland Residents Association. This ice rink will be located directly opposite Harmood Street, which is residential, and close to Fest which succeeded Proud as the chief source of late night noise in this area. We heard nothing from Lab Tech about this proposal which is likely to disturb the peace of our homes if it is as popular as most ice rinks are. At the very least we ask Planning to ensure that no amplified or other loud music is allowed to escape from this tourist attraction, and that it closes at 9pm or earlier every night of the week. Crowd dispersal is likely to be important as the Stables Gates open opposite Hartland Road and the other main exit, at Morrison's approach, is also close to residential houses and flats.</p>

Condition 1 - there should be no amplified music played as part of the ice rink installation and operation/use Condition 2 - the ice rink should not operate between 22:30hrs and 10:00hrs the following day</p>
