Hi Franco

You need to add the lamp post and the distance from the table and chairs, also if you are having planters they need to be on the plan too with their dimensions, also the distance from the edge of the table and chairs to the pavement must be shown.

The measurement of the table and chairs must also be shown.

Kind regards

Dear Mr Dorigo

Thank you for your application form to place table and chairs outside your premises, unfortunately we do not accept hand drawn plans.

You must submit a 1:100 scale drawn professional plan. With pictures of the furniture you will be using, if there are other obstacles like tree, crossing or lamp posts etc they must also be included in the plan with their distance measured from the edge of the table and chairs.

A minimum of 1.8 clearway must be maintained.

Once we receive the new plan and all is well we can register the application.

Kind regards

Dear Camden Council

**DELICIOUS BY FRANCO – 320 KENTISH TOWN ROAD – APPLICATION NO 2019/4624/TC**

I am writing this letter on behalf of and at the behest of my wife, Laura Borrell, who is disabled (she suffers from MS) and lives at the above address.

**Laura supports 100% the application** made by this excellent restaurant to position tables and chairs on the pavement outside its premises:

\* the owners are highly responsible;

\* now that the pavement immediately in front of the restaurant has been widened there is ample room for pedestrians to pass by without causing any nuisance to them or to diners sitting at the outside tables.

Please will you kindly acknowledge receipt of this letter.

With many thanks,

Tim Horsler (husband of Laura Borrell)  
pp Laura Borrell

PS In complete contrast to Delicious by Franco, other nearby restaurants (e.g. Neighbour, its bar, Neighbour + Jukes, and the Saint Espresso & Kitchen cafe next door) all too often put their rubbish out most carelessly, sometimes in open or poorly tied bags which then spill their contents across the pavement and into the road. In addition they often fail to place their rubbish right on the edge of the pavement, thereby reducing the already narrow space between the front of their premises and the cycle racks along the edge of the road and making it difficult for pedestrians to pass by. **Please can you let Laura know what powers the Council has to deal with this matter and what efforts the Council will make to resolve the problem?**

PPS The sudden arrival of GPS-controlled bicycles is now causing a real nuisance to pedestrians, including Laura, the blind and even the able-bodied like me from time to time. **Once again, can you let Laura know what powers the Council has to deal with this matter (which is beginning to be a serious issue) and what efforts it is making to deal with this rapidly increasing nuisance?**

Hi Paru

The plan submitted indicates that an effective footway width of at least 2.9 metres would be maintained adjacent to the tables and chairs zone. This would be sufficient for pedestrians to pass unhindered in this busy town centre location. I therefore have no objections on transport grounds.

Regards  
Steve

Hi Paru,

Asset Operations has concerns that the table & chairs will have a negative impact with the controlled pedestrian crossing.

Asset Operation are not able to approve application 2019/4624/TC for 320 Kentish Town Road at this time.

Regards,

Tenn
