

41 Fortress Road NW5 1AD

Planning Permission: 2013/3977/P

Condition 3b) Sample of brickwork for rebuilt front gable

Application for Approval of Condition: 2019/4859/P

Sample brickwork panel using original bricks built between existing/retained facade showing four samples of pointing - proposed choice of pointing is labelled 'M4 Y35'

Pointing to existing/retained facade is not original, varying in colours / textures and is in poor condition. The proposal is to repoint the entire facade with the selected pointing so that all matches.
