Subject: URGENT RE: Comments to be posted on Camden's website for public scrutiny.

Dear Jonathan

Thank you for this.

Some people are having trouble (as did I) finding the "Proposed" CMP because on some browsers it is only to be found under nameless menu bars at the top right hand corner, while on other browsers all the headings show up.

Because of this confusion it would be really helpful if you could send us the direct link to the "Proposed" CMP: <http://www.theatresquare.info/proposed-cmp/>

And, for those who can only refer to the letters EL sent out, it would be ideal to have a prominent box at the top of the page that links to the **Proposed CMP** ASAP. That way no one can miss it. Urgent because we only have a week left in which to comment.

Also, it would be good to have an amendments tracker.

I thought EL agreed to forward all the individual comments that they had received, for posting up on Camden's website - is that yet to happen? There are significant sections that are missing from the summary.

Best Wishes

Janine Sachs
