2019/4598/P	On behalf of Belsize Society, Sanya Polescuk	16/11/2019 16:01:50	OBJ	The width and the design of the proposed dormer is inappropriate for the design of the property. The size of the dormer is excessive, the fenestration incongruous with other fenestration on the property and the wide, tiled dormer cheeks poorly designed.
