Subject: [REDACTED] Burlington House cherry tree pruning

Dear Sirs,

I am writing to submit a request to have a 30% crown reduction pruning of our cherry tree.

The tree has not been pruned for a considerable time and has grown significantly to the point that it is now blocking the light and visibility from the second floor windows. In addition we have a lot of crime in this neighbourhood and having greater visibility around the immediate surroundings of the building would also be helpful.

Regards

Mrs Mandy Courtney
