Subject: Trees

Hello

I live in the ground floor flat at 18 Bartholomew Villas , NW5 2LL , and have 2 trees at the end of my garden. These trees have been cut back at some point prior to my purchase of the flat as they have thin shoot like branches coming out of larger blunt branches. These thin branches have now grown and I would like get them cut back - please can you advise what , if any , permissions I need to obtain ?
I am attaching a picture for reference.

Kind regards

Joanne
