Dear Mr Farrant

Re: 18a Frognal Gardens, London NW3 6XA

Whilst our neighbours seem very nice people, nevertheless the architects plans for their new house in our opinion make the house look unattractive and very tall. We think it makes the house stand out in a very odd way with its teale green tiles and pretend chimneys.

I think the architect will benefit their portfolio from such a radical build but this will not enhance the attractiveness of the street. The proposed materials do not seem to reference anything in the existing built environment.

We look forward to hearing from you regarding our concerns.

Regards,

Dr Joanna Myers
