**Subject:** Re: TPOs on the Holly Lodge Estate  
**Importance:** High

Hello again,  
Thanks so much for your help with this.  
The details are as follows:

Client: Roxane Caplan  
Address: 14 Makepeace Avenue, Holly Lodge Estate, London, N6 6EJ  
Tree location: rear garden  
Tree species: Malus domestica (cultivar is hard to determine because it's not producing very much fruit)  
Work required: removal and replacement (with three new fruit trees). It has been poorly pruned and is unattractive and unproductive

Regards,  
Johanna
