

Camden Council
Planning Department
Nora-Andreea Constantinescu, Planning Officer

04 December 2019

Dear Nora,

Approval of details reserved by a condition

Application Ref: 2019/1133/P.
Full Planning Permission Granted 11TH June 2019.

The requested information and details for the glazed roof and glazed doors are attached to this on line application and are as follows:

ID Systems Specification letter sheets.

Plan showing operation of doors.
Section through glazed roof.
Section through roof/rainwater gutter/door head.
Section through frames of doors where they meet.

The system is very high quality, has won awards and featured on 'Grand Designs' etc. I have used the system several times and it has proved to be reliable in the long term.

I confirm that the installation will have 4 glazed doors and 4 glazed roof panes as shown on the approved drawings.

With regards,

Paul Way
