Dear Mr Farrant

I, [REDACTED] Frognal Gardens strongly oppose the demolition and construction of the new house at [18a Frognal Gardens](#).

The new design doesn't conform to the character Hampstead Conversation Area. I do hope the Hampstead Society puts a stop this construction. For a semi detached property both houses should be similar in appearance and size.

I was not aware of this application until a couple of my neighbours contacted me on Sunday evening as I returned home from my overseas trip. With such a big project, I would have thought that the council would have sent a letter through the post or send an email to every household that is affected giving enough notice.

I urge you to refuse planning permission for this project.

Kind regards,

[REDACTED]
