2019/5519/P	Jonathan Byatt	02/12/2019 08:07:07	SUPC	As the development may impact existing Garden features, can the owner please work with Camden gardening contractors to recycle any impacted plants. These can be usefully reallocated to other areas of the borough to reduce pollution and improve quality of life. For example, estates such as South End Clise will happily take on healthy shrubs and plants to improve a known high density traffic area.
