2019/5223/P		28/11/2019 09:50:01	OBJ	<p>I have not had any consultation notice. There is no planning notice visible on the street. I object to the further change of use with no provision for off-street parking, as it is likely that 2 maisonettes could have 4 cars. Is there is to be a no-car-ownership restriction? A cycle store is shown on the plan for the front garden, but there is no elevation for this, nor is it referred to in the application. Further edifices in a front garden are inappropriate for the street. There are shared cycle stores for the neighbourhood in Osprunge Road. If the house remains as a single dwelling then the additional binstores, cyclestores and loss of soft landscaping would not be necessary. The proposed bin store at the front is too high for the building, and for the street which is a conservation area. The wall has already been built three brick courses above that shown on the drawing, and is still being constructed.</p>
