2019/5075/P		30/11/2019 12:25:05	SUPPRT	<p>Good afternoon,</p> <p>I believe this application is a positive contribution to Inverness street . The actual building is shabby and the proposal would look really nice .</p> <p>Moreover, the roof of the actual construction is really not aesthetical to look at through the windows of all the opposite houses facing this building.</p> <p>Last, this new house would reinforce the notion of this part of Inverness street being a residential area in line with Gloucester Crescent.</p> <p>Regards.</p>
