2019/6019/L	Jonathan Byatt	06/12/2019 11:38:06	SUPC	Can any rose bushes scheduled to be removed in this installation. be recycled and removed firvtrandfer to another location within Camden? This would preserve the plants and allow a low cost option for Camden council gardening contractors to improve estates and other areas nearby e.g. south end close estate. In this way air quality is improved as well as the quality of life at the transferred location
