

In the hall (ideal due to fire rating requirements) and near the side entrance, however it blocks passage on FF.

Connected to side entrance, do not use bedrooms area, accessible in Terrace level but do not access the main Second Floor.

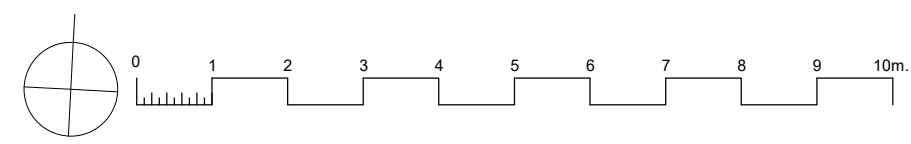

Not suitable due to planning restrictions

Near side entrance, in a good position in the FF however it is problematic to reach the terrace.

Not suitable because it blocks the hall/stairs.

Uses area of Bedroom 4 and stairs on the way to terrace.

Uses area of Bedroom 4 and stairs on the way to terrace.

Within existing FF width and in a perfect location.

Not suitable because it blocks passage to bedroom 2.

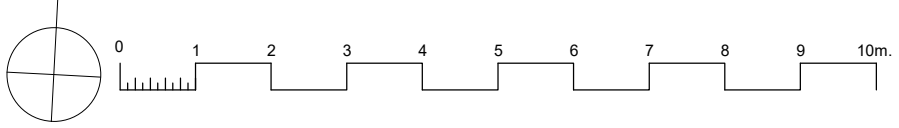

Not suitable due to planning restrictions

Uses area suitable are in Master Bedroom, but will use area no bedroom above when accessing Terrace.

Not suitable because it blocks the hall/stairs.

Suitable and in a practical location however it will not give access to terrace.

Stops in the middle of the bedroom, not very practical.

Stops in terrace, do not use bedrooms area, but do not access to Second Floor.

Not suitable because it is on the way of the terrace access point.

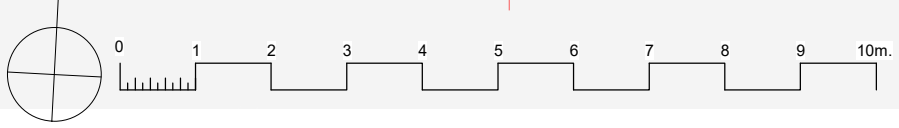

Not suitable due to planning restrictions

Uses area of Bedroom 3 and stairs on the way to terrace.

Not suitable because it blocks the hall on floors below.

Uses area of Bedroom 4 and stairs on the way to terrace.

Uses area of Bedroom 4 and stairs on the way to terrace.
