Dear Mr Sild

I live at the adjoining property next door at no 6. Chalcot Gdns. We and the other inhabitants here are very upset that the planning permission for the balcony on the first floor of number 5 has been contravened. It has now become a terrace the full length of the extension with railings half way across. This is obviously now used thus causing noise and disturbance to everyone here. Also, as a high hedge has been planted on the terrace (please refer to the photos sent by Mrs Mallory), it is blocking light from flats two and one here.

Please would you inspect this at your earliest convenience to appreciate our objection. Thank you.

Yours sincerely

Valentine Thomas
