2019/5988/P	Jonathan Byatt	11/12/2019 14:31:23	SUPC	<p>Can the council mandate the owner to liaise with Camden gardening contractors to recycle the plant/shrub/trees to ne removed by the proposed building work? The loss of any healthy plant is unfortunate but this can be transplanted and re-used in other areas and estates in Camden e.g. South end close estate. In this way the quality of life can be improved at low cost and these plants continue to reduce pollution.</p> <p>In addition, as the construction of the site will change the nature of the area around the market-roundhouse can the proposed commit funds to enhance the facilities around castlehaven sports complex to offer facilities for the new residents of the 573 new apartments. In this way the development will have a positive impact upon the beighbourhood but also help assuage any local frustration at this new move</p>
