| 16. Trees and Hedges  |            |          |                        |
| To. Trees and neuges  |            |          |                        |
| Are there trees or hedges on the proposed development site?   |            | No       |                        |
| And/or: Are there trees or hedges on land adjacent to the proposed development site that could influence the development or might be important as part of the local landscape character?  | Yes        | No       |                        |
| If Yes to either or both of the above, you may need to provide a full tree survey, at the discretion of your local planning authority. If a tree survey is required, this and the accompanying plan should be submitted alongside your application. Your local planning authority should make clear on its website what the survey should contain, in accordance with the current 'BS5837: Trees in relation to design, demolition and construction - Recommendations'. |            |          |                        |
|   |            |          |                        |
| 17. Biodiversity and Geological Conservation  |            |          |                        |
| Is there a reasonable likelihood of the following being affected adversely or conserved and enhanced within the a or near the application site?   | pplication | on site, | or on land adjacent to |
| To assist in answering this question correctly, please refer to the help text which provides guidance on determini geological conservation features may be present or nearby; and whether they are likely to be affected by the property.   |            | / impor  | tant biodiversity or   |
