Dear Sir/Madam

DECISION

Town and Country Planning Act 1990 (as amended)

Householder Application Granted

Address:
43 Rochester Road
London
NW1 9JJ

Proposal: Demolition of rear extension and erection of a single storey rear conservatory.

Drawing Nos: Location Plan, M&L1017/C/PROP - Sht 1, M&L1017/C/PROP - Sht 2, M&L1017/C/PROP - Sht 3, M&L1017/C/PROP - Sht 4, M&L1017/C/PROP - Sht 5, M&L1017/C/PROP - Sht 6 and Planning Statement

The Council has considered your application and decided to grant permission subject to the following condition(s):

Condition(s) and Reason(s):

- 1 The development hereby permitted must be begun not later than the end of three years from the date of this permission.

Reason: In order to comply with the provisions of Section 91 of the Town and Country Planning Act 1990 (as amended).

- 2 All new external work shall be carried out in materials that resemble, as closely as possible, in colour and texture those of the existing building, unless otherwise specified in the approved application.

Reason: To safeguard the appearance of the premises and the character of the

immediate area in accordance with the requirements of policies D1 and D2 of the London Borough of Camden Local Plan 2017.

- 3 The development hereby permitted shall be carried out in accordance with the following approved plans:

Drawing Nos: Location Plan, M&L1017/C/PROP - Sht 1, M&L1017/C/PROP - Sht 2, M&L1017/C/PROP - Sht 3, M&L1017/C/PROP - Sht 4, M&L1017/C/PROP - Sht 5, M&L1017/C/PROP - Sht 6 and Planning Statement (Last received 11/10/2019)

Reason: For the avoidance of doubt and in the interest of proper planning.

Informative(s):

- 1 Reasons for granting permission:

The application site contains a three-storey end-terrace dwellinghouse located in the Rochester Conservation area but is not listed. The proposal includes the demolition of the existing rear extension and erection of a new single storey rear conservatory.

The existing rear extension is in a poor state and is no longer fit for habitation. The new conservatory will have a double glazed hipped roof and will be higher than the existing extension by 0.3m only. The depth of the conservatory will be reduced by approximately 2m and the overall footprint of the structure is also reduced. The conservatory will have graphite grey powder coated Aluminium roof cappings, windows and door. Given its design, materials, location at the rear of property and the existence of a similar extension on site, it is considered the extension would be in keeping with the character and appearance of the host property and wider area.

The proposed development would not result in additional overlooking of neighbouring residential properties or cause other harmful amenity impacts. As there is an approximately 2m high boundary wall between the adjoining properties and the conservatory is only 1m taller than the boundary wall, there would not be any observable impact on amenities in terms of loss of light/sunlight.

No objections have been received prior to making this decision. The site's planning history and relevant appeal decisions were taken into account when coming to this decision.

Special attention has been paid to the desirability of preserving or enhancing the character or appearance of the Conservation Area, under s.72 of the Planning (Listed Buildings and Conservation Areas) Act 1990 as amended by the Enterprise and Regulatory Reform Act 2013.

As such, the proposed development is in general accordance with policies A1, D1 and D2 of the Camden Local Plan 2017. The proposed development also accords with the London Plan 2016 and the NPPF 2019.

- 2 Your proposals may be subject to control under the Building Regulations and/or the London Buildings Acts that cover aspects including fire and emergency escape, access and facilities for people with disabilities and sound insulation between dwellings. You are advised to consult the Council's Building Control Service, Camden Town Hall, Judd St, Kings Cross, London NW1 2QS (tel: 020-7974 6941).
- 3 This approval does not authorise the use of the public highway. Any requirement to use the public highway, such as for hoardings, temporary road closures and suspension of parking bays, will be subject to approval of relevant licence from the Council's Streetworks Authorisations & Compliance Team London Borough of Camden 5 Pancras Square c/o Town Hall, Judd Street London WC1H 9JE (Tel. No 020 7974 4444) . Licences and authorisations need to be sought in advance of proposed works. Where development is subject to a Construction Management Plan (through a requirement in a S106 agreement), no licence or authorisation will be granted until the Construction Management Plan is approved by the Council.
- 4 All works should be conducted in accordance with the Camden Minimum Requirements - a copy is available on the Council's website at <https://beta.camden.gov.uk/documents/20142/1269042/Camden+Minimum+Requirements+%281%29.pdf/bb2cd0a2-88b1-aa6d-61f9-525ca0f71319> or contact the Council's Noise and Licensing Enforcement Team, 5 Pancras Square c/o Town Hall, Judd Street London WC1H 9JE (Tel. No. 020 7974 4444)

Noise from demolition and construction works is subject to control under the Control of Pollution Act 1974. You must carry out any building works that can be heard at the boundary of the site only between 08.00 and 18.00 hours Monday to Friday and 08.00 to 13.00 on Saturday and not at all on Sundays and Public Holidays. You must secure the approval of the Council's Noise and Licensing Enforcement Team prior to undertaking such activities outside these hours.

In dealing with the application, the Council has sought to work with the applicant in a positive and proactive way in accordance with paragraph 38 of the National Planning Policy Framework 2019.

You can find advice about your rights of appeal at:
