- 1 No advertisement is to be displayed without the permission of the owner of the site or any other person with an interest in the site entitled to grant permission.

Reason: - As required by regulation 2(1) and Schedule 2 of the Town & Country Planning (Control of Advertisements) (England) Regulations 2007.

- 2 No advertisement shall be sited or displayed so as to
 - (a) endanger persons using any highway, railway, waterway, dock, harbour or aerodrome (civil or military);

- 5 Where an advertisement is required under these Regulations to be removed, the site shall be left in a condition that does not endanger the public or impair visual amenity.

Reason: - As required by regulation 2(1) and Schedule 2 of the Town & Country Planning (Control of Advertisements) (England) Regulations 2007.

Informative(s):

- 1 Reason for granting permission:

The proposed signage is considered acceptable in terms of scale and positioning for the kiosk context. There is no fixed illumination, although some temporary lighting arrangements are in place during business hours for the winter months, however; these are removed each evening and do not form part of the application.

The signage is not considered to have any negative impact on neighbouring amenity or public safety.

The planning and appeal history of the site has been taken into account when coming to this decision.

As such, the proposed development is in general accordance with policy D4 of the Camden Local Plan 2017. The development also accords with the London Plan 2018 and the NPPF 2019.

In dealing with the application, the Council has sought to work with the applicant in a positive and proactive way in accordance with paragraph 38 of the National Planning Policy Framework 2019.
