Optional Back Plate for 1FE

If access to an existing nesting site is not required, the 1FE can be fitted with an optional Back Plate, which includes an attached wooden panel to create a cavity wall inside the box. The roughened surfaces of the plate, and the inside of the 1FE itself, are very attractive to Bats.

Installation of the complete box is easy: For example, it can be screwed to a wall or fixed within insulation.

External dimensions: 1FE with Back Plate: W 30 x H 30 x D 10 cm.

Weight: 2.9 kg (Back Plate only).

Sectional view: 1FE with Back Plate
