

Proposal for Wildlife Habitats

29 New End, Hampstead, London

12th November 2019

As part of the landscaping carried out to both the front and the rear garden of this property, a number of wildlife habitats will be installed.

1. Bird Boxes

Cedar multi species box

3 x boxes located 2-3m above ground in new and existing trees, facing north through east

2. Bat Boxes

Cedar, single chamber bat box

3 x boxes located 3-5m above ground in new and existing trees, facing south to southwest
