| 2019/5747/P | | 26/12/2019 19:53:51 | COMMNT | <p>Other new restaurants on the street in recent years have created several problems including increased rodent activity, extractor smells of food & grease plus increased street noise through music playing and customer activity.</p> <p>Whilst we welcome new long-term tenants to the street, please ensure that strict provisions are made within any permissions to ensure that this change of use creates the none of the above nuisance.</p> <p>We will oppose any application for tables and chairs on the street at any time. The tables opposite at 63 Neal St. still create evening noise nuisance.</p> |
