2019/5840/P		30/12/2019 16:01:06	OBJ	<p>We have suffered the most dreadful loss of privacy since the rear windows to 20-21 Kings Mews were installed. They are not obscurely glazed and every day we have workmen looking in at us. If the council agrees to let the windows stay as they are, and not force the developers to comply with the original conditions regarding opening height and obscure glazing, then our amenity and privacy will be ruined. I cannot believe that the Council will allow this flagrant disregard of the conditions upon which this development was approved. What is the purpose of planning regulations and planning approvals if developers can simply ignore them and get away with it?</p> <p>If developers can get away with anything, what is the purpose of a planning department?</p> <p>I urgently request that the authorities enforce their own rules and require these developers to comply fully with the planning conditions.</p>
