Application for tree works: works to trees subject to a tree preservation order (TPO) and/or notification of proposed works to trees in a conservation area.

Town and Country Planning Act 1990

Publication of applications on planning authority websites.

Please note that the information provided on this application form and in supporting documents may be published on the Authority's website. If you require any further clarification, please contact the Authority's planning department.

2. Applicant Details

Town/city	HANWELL
Country	
Postcode	W7 1NQ
Primary number	
Secondary number	
Fax number	
Email address	

Are you an agent acting on behalf of the applicant?

Yes No

3. Agent Details

No Agent details were submitted for this application

4. What Are You Applying For?

Are you seeking consent for works to tree(s) subject to a Tree Preservation Order?

Yes No

Are you wishing to carry out works to tree(s) in a conservation area?

Yes No

5. Identification of Tree(s) and Description of Works

Please identify the tree(s) and provide a full and clear specification of the works you want to carry out.

You might find it useful to contact an arborist (tree surgeon) for help with defining appropriate work.

Where trees are protected by a Tree Preservation Order, please number them as shown in the First Schedule to the Tree Preservation Order where this is available. You should use the same numbering on your sketch plan (see help for sketch plan requirements).

Please provide the following information:

- Tree species
- The number used on the sketch plan); and
- A description of the proposed works.

Where trees are protected by a Tree Preservation Order you must also provide:

- Reasons for the work; and where trees are being felled
- Proposals for planting replacement trees (including quantity, species, position and size) or reasons for not wanting to replant.

e.g. Oak (T3) - fell because of excessive shading and low amenity value. Replant with one standard ash in same position.

T1:

Robinia Pseudoacacia: Complete removal of lowest SE facing limb (approx 10 ft long) back to main stem. This will give two lime trees underneath it more light to grow. This limb is also interfering and crossing with other branches.

T3:

Holly. Located outside number 34 to reduce down to 1 foot above previous reduction points. Volume of material to be removed will be approximately a third of its height.

T4:

Pin Oak. Located in the middle of the communal area. Removal of approximately 5% of crossing and rubbing branches will result in a 5% thin all round.

T5:

Oak. Located on Highgate Hill West has a lot of deadwood and weak branches. We intend to remove just the deadwood.

T6:

Ash. Located at the rear of number 1, this tree needs some general maintenance. We intend to cut back the lowest NE facing branches of the tree from the bay tree that is underneath it. This will give it a clearance of the bay by about 2/3 feet. We also intend to remove major rubbing branches that run throughout the tree and approximately 5% of epicormic growth so as to allow more light through for the shrubs below.

T7:

Oak. Located at the rear of number 2, this needs a general maintenance (GMS), which includes the removal of 5% of epicormic growth below crown break. On further inspection of this tree, it has a massive cavity in the centre that needs inspecting.

6. Trees - Additional Information

For all trees

A sketch plan clearly showing the position of trees listed in the question 'Identification of Tree(s) and Description of Works' MUST be provided when applying for works to trees covered by a Tree Preservation Order. A sketch plan is also advised when notifying the LPA of works to trees in a conservation area (see guidance notes).

It would also be helpful if you provided details of any advice given on site by an LPA officer.

For works to trees covered by a TPO

Please note: If none of the proposed work involves trees covered by a TPO, please answer 'No' to the two questions below

Please indicate whether the reasons for carrying out the proposed works include any of the following. If so, your application MUST be accompanied by the necessary evidence to support your proposals (see guidance notes for further details).

1. Condition of the tree(s) - e.g. it is diseased or you have fears that it might break or fall Yes No

If Yes, you are required to provide written arboricultural advice or other diagnostic information from an appropriate expert.

2. Alleged damage to property - e.g. subsidence or damage to drains or drives. Yes No

If Yes, you are required to provide for:

- Subsidence: A report by an engineer or surveyor (to include a description of damage, vegetation, monitoring data, soil, roots and repair proposals) and a report from an arboriculturist to support the tree work proposals.

- Other structural damage (e.g. drains walls and hard surfaces): Written technical evidence from an appropriate expert, including description of damage and possible solutions.

Documents and plans (for any tree)

Are you providing additional information in support of your application (e.g. an additional schedule of work for question 'Identification of Tree(s) and Description of Works')? Yes No

If Yes, please provide the reference numbers of plans, documents, professional reports, photographs etc in support of your application

Holly
Maple Communal Areas
Oak (Highgate Hill West)
Oak (no 2)

7. Tree Ownership

Is the applicant the owner of the tree(s)? Yes No

If No, please provide the address of the owner (if known and if different from the tree location):

8. Tree Preservation Order Details

If you know which TPO protects the tree(s), enter its title or number

Area TPO

9. Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
- (b) an elected member
- (c) related to a member of staff
- (d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

Yes No

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Do any of the above statements apply?

10. Trees - Declaration

I/we hereby apply for planning permission/consent as described in this form and the accompanying plans/drawings and additional information. I/we confirm that, to the best of my/our knowledge, any facts stated are true and accurate and any opinions given are the genuine opinions of the person(s) giving them.

Date (cannot be pre-application)
