Dear Sir/Madam

DECISION

Planning (Listed Building and Conservation Areas) Act 1990

Listed Building Consent Granted

Address:

Brunswick Centre
Brunswick Centre
London
WC1N 1AW

Proposal:

Installation of painted mild steel handrail to be fixed to the existing concrete balustrade at level C (podium)

Drawing Nos: 1596 LB B03 (plan), Core A balustrade, Core B balustrade

The Council has considered your application and decided to grant Listed Building Consent subject to the following condition(s):

Conditions And Reasons:

- 1 The works hereby permitted shall be begun not later than the end of three years from the date of this consent.

Reason: In order to comply with the provisions of Section 18 of the Planning (Listed Buildings and Conservation Areas) Act 1990.

- 2 The development hereby permitted shall be carried out in accordance with the following approved plans:

1596 LB B03 (plan), Core A balustrade, Core B balustrade

Reason: In order to safeguard the special architectural and historic interest of the building in accordance with the requirements of policy D2 of the Camden Local Plan 2017.

- 3 All new work and work of making good shall be carried out to match the existing adjacent work as closely as possible in materials and detailed execution.

Reason: In order to safeguard the special architectural and historic interest of the building in accordance with the requirements of policy D2 of the Camden Local Plan 2017.

Informative(s):

- 1 The site is a grade-II-listed megastructure comprising retail and residential uses, making a positive contribution to the Bloomsbury Conservation Area.

The applicant already has permission to add steel safety rails to the concrete parapets at first-floor level. However, owing to unequal level changes on part of the site, he wishes to alter the design of the rails at that part, adding a double rail. The applicant has supplied a drawing showing that this reflects an original part of the building's design.

Any works other than those specifically mentioned in the consented drawings are unauthorised. If further works are found to be needed, the permission of the council's conservation team must be obtained in writing, or further listed building consent may be required.

The proposed works will not harm the special interest of the grade-II-listed building.

The application has been advertised in the press and by means of a site notice, whereby there were no consultation responses. The site's planning history has been taken into account in making this decision.

Special attention has been paid to the desirability of preserving the special interest of the listed building, under s.16 of the Listed Buildings and Conservation Areas Act 1990 as amended by the Enterprise and Regulatory Reform Act (ERR) 2013

As such, the proposal is in general accordance with policy D2 of the Camden Local Plan 2017. The proposed development also accords with the London Plan 2016 and the NPPF.
