2019/4227/P	Jonathan Byatt	05/01/2020 10:37:39	SUPC	improvements to the adventure playground area on Hampstead Heath out of the welcome. This area is used both in and out of hours by older children and younger teens who use it too to practice and hone their skills and flexibility. Most of the changes will enhance the overall look and feel and facilities available. However apart from a rope swing it may not Challenge part of the core user group Who use the facilities. Could I recommend thought be given to a larger more challenging obstacle within the scope of these changes. Parents will supervise and guide their younger children away from such an obstacle, however the older children and young teens who are major users of the park will enjoy such a new challenge alongside the existing facilities.
