2019/5609/P	Jonathan Byatt	05/01/2020 10:26:21	SUPC	<p>My daughter spent many happy days playing on the Vale of Heath child's Park. Any updates and improvement is always welcomed. With an ample area to expand into, could additional natural features be deployed such as earthworks, small Hills, fallen tree trunks as these present natural obstacles and climbing Adventures for the small ones. My daughter loved climbing and playing with the present tree trunk which is placed horizontally in the park and I know future generations would if other options were provided also. As a final point, can the equipment taken out of the park (ovum records if in still working order) be reused within Camden Estates such as South End close or other sites within Camden?</p>
