

This technical drawing shows a cross-section of a composite panel. It features a central cavity with a zigzag profile. The cavity is lined with a material that has a diagonal hatching pattern. The outer layers of the panel are also shown with diagonal hatching, but in the opposite direction to the inner lining. The drawing is a black and white line drawing with various hatching patterns to indicate different materials and the internal structure of the panel.

1. Any dimensions scaled from this drawing are taken at the readers own risk.
2. All dimensions are in mm unless stated otherwise.
