Noise from demolition and construction works is subject to control under the Control of Pollution Act 1974. You must secure the approval of the Council's Noise and Licensing Enforcement Team prior to undertaking such activities outside these hours.

- 6 Reason for granting listed building consent: The application relates to the front garden and boundary walls separating a pair of semi-detached Grade II listed houses, dating from the early 19th Century and situated in the Hampstead Conservation Area. This conservation area is of considerable quality and variety with a range of factors and attributes including its topography, the Heath and the range, excellence and mix of buildings, which come together to create its special character. The proposed works are justified and necessary and a detailed report has been submitted specifying a heritage approach to the repair of the walls, including the use of salvaged stock bricks to match the existing only where required. The proposed works will not harm the special interest of the Grade II listed structure. The application has been advertised in the press and by means of a site notice, whereby there were no consultation responses. The site's planning history has been taken into account in making this decision.

Special attention has been paid to the desirability of preserving the special interest of the listed building, under s.16 of the Listed Buildings and Conservation Areas Act 1990 as amended by the Enterprise and Regulatory Reform Act (ERR) 2013

As such, the proposal is in general accordance with policy D2 of the Camden Local Plan 2017. The proposed development also accords with the London Plan 2016 and the NPPF.

In dealing with the application, the Council has sought to work with the applicant in a positive and proactive way in accordance with paragraph 38 of the National Planning Policy Framework 2019.
