Dear Mr Farrant,

My husband and I live at 3 Kemplay Road which overlooks the back gardens of 7 and 9 Pilgrims Lane, the site of the proposal.

We have lived here for thirty-five years and love this historic corner of Hampstead, especially Rosslyn Hill Chapel and the surrounding area, which have remained mostly the same for hundreds of years. We strongly feel there has been enough development in the immediate area and the historic fabric of Cossey Cottage and Sidney House should not be altered.

For the above reasons, we hope the council will consider our objection to the proposed works at No 9 Pilgrims Lane.

Sincerely,
