Dear Ms English

We are writing to oppose the application to redevelop 4b Hampstead Hill Gardens. We are residents of Hampstead Hill Gardens. I have been here for more than 40 years and live close to the property in question. We oppose it for the following reasons:

1. The addition of a third floor would be completely out of keeping with the attached property at 4a and would block the views and sunlight to neighbouring properties.
2. The proposed design is wholly inconsistent with 4a and also inconsistent with the immediate Grade II listed buildings amongst which it sits.
3. The move of the front of the development towards pavement will create an over dominating building and lose off the road parking space. This is important to the road since the Royal Free Hospital uses it for over spill parking for its Blue Badge holders.

For these reasons I hope that you will reject these current plans which would undoubtedly mar Hampstead Hill Gardens.

With many thanks.
