2020/0104/T	Jonathan Byatt	13/01/2020 14:27:44	SUPC	Can the Developers please work with Camden gardening contractors to arrange any possible recycling and reuse of the trees to be felled. Either the live tree or sections of tree trunk can be reused on Camden properties, Estates parks or other open areas. Areas such as south end Close estate, in an area of high traffic and pollution, can take advantage of any available replantable trees, or for the estate to be enhanced by the use of tree trunk sections for enjoyment of the children. This is true of other areas managed by Camden and achievable and little or no cost.
