2020/0258/P	Jane Gibson	22/01/2020 11:42:55	COMMNT	<p>I object in principle.</p> <p>I do not think the fire station should have been closed but given that it was I think it's exterior appearance should be preserved, it being an historic building, and therefore think that any exterior alterations or planned extensions should be refused.</p> <p>Also I note that the letter has been redacted. Why was that I wonder.</p>
