Dear Sir/Madam

DECISION

Town and Country Planning Act 1990 (as amended)

Full Planning Permission Granted

Address:
45-49 Leather Lane
London
EC1N 7TJ

Proposal: Installation of double glazed aluminium sash windows to front and rear elevations, new ground floor entrance door.

Drawing Nos: 01-001, 05-001, 04-001, 03-001, 02-001, SK-702-A

The Council has considered your application and decided to grant permission subject to the following condition(s):

Condition(s) and Reason(s):

- 1 The development hereby permitted must be begun not later than the end of three years from the date of this permission.

Reason: In order to comply with the provisions of Section 91 of the Town and Country Planning Act 1990 (as amended).

- 2 All new external work shall be carried out in materials that resemble, as closely as possible, in colour and texture those of the existing building, unless otherwise specified in the approved application.

Reason: To safeguard the appearance of the premises and the character of the immediate area in accordance with the requirements of policy D1 and D2 of the London Borough of Camden Local Plan 2017.

- 3 The development hereby permitted shall be carried out in accordance with the following approved plans [01-001, 05-001, 04-001, 03-001, 02-001, SK-702-A]

Reason: For the avoidance of doubt and in the interest of proper planning.

Informative(s):

- 1 Reasons for granting permission.

The proposal involves the replacement of the existing single glazed sash windows at first - fourth floors to both the front and rear elevations. The proposed windows would be aluminium framed and feature a sash bar. The increase in the thickness of the glazing is considered acceptable in design terms. The replacement front entrance door would be timber framed and have a similar appearance to the existing front door. Overall the proposed windows and front door would not cause harm to the character and appearance of the building or wider Hatton Garden Conservation area.

Special attention has been paid to the desirability of preserving or enhancing the character or appearance of the conservation area, under s.72 of the Planning (Listed Buildings and Conservation Areas Act) 1990 as amended by the Enterprise and Regulatory Reform Act (ERR) 2013.

The proposal would not give rise to impacts on residential amenity.

No objections were received prior to the determination of this application. The planning history of the site and surrounding area were taken into account when coming to this decision.

As such, the proposed development is in general accordance with policy A1, D1 and D2 of the Camden Local Plan. The proposed development also accords with The London Plan March 2016, and the National Planning Policy Framework 2019.

- 2 Your proposals may be subject to control under the Building Regulations and/or the London Buildings Acts that cover aspects including fire and emergency escape, access and facilities for people with disabilities and sound insulation between dwellings.
